

Our long-term courses are designed for students wishing to immerse themselves in the local language and culture for an extended period. Studying for 5, 6 or 8 months allows you to achieve an increased level of fluency and confidence, ideally suited for students with clear academic or career goals which require strong English skills.

Choose this program if:

- You want to improve your fluency and confidence
- You want to make a significant increase in your English
- You would like a flexible long-term study option and wish to combine core English study with other academic or exam courses in one long-term package
- You want access to a wide variety of self-study tools to access outside of your classes
- You would like to receive a certificate at the end of your studies

Your classes:

English classes

Our experienced teachers will provide high-quality communicative English classes focussed on improving your core listening, speaking, reading and writing skills, allowing your fluency, accuracy and confidence to rapidly improve.

Students may choose to combine several different programs within an Intensive Academic Year or Intensive Academic Semester course to suit their goals, allowing students to progress from a general English program into a specialised course that matches their academic or career objectives.

Skills classes

Students focus on key areas of their language development, assisting you in making the fastest possible progress. Classes which may be offered include:

- Grammar and Vocabulary
- Communication Skills
- Academic Skills
- Everyday English
- Speaking and Listening
- Conversation and Pronunciation

Study Clubs

Students can access a wide variety of opportunities for extra study, allowing you to focus on areas of interest or weakness, practice using English with other students and to make new friends. Study clubs which are regularly offered include:

- Conversation club
- Presentation club
- IELTS speaking club
- Song club
- Games club
- Cambridge Exam club

Students can also use a wide variety of self-study material as part of the study club program, including the K+Tools and K+Extra online study tools. These tools allow students to better focus their studies on their areas of interest, to more easily review lesson topics and to access high-quality study materials, either in the study centre or on most other personal devices.
